

1960 THOMPSON SEA COASTER 16' – from previous page

1960 THOMPSON SEA COASTER 16'

Asking: \$9,000 ("Make an offer.") Seminole, FL. Contact Ken at 727-596-5938 or monty1km@msn.com

1957 OKOMOTO STAR CLASS 20'. Sail symbol OK from Yokohama Japan. Owner says, "Boat is based on International star class hull, I believe, but was configured as cabin boat. This was a project for my Dad and I but he passed on Feb. 2nd, so I have lost heart in it. Previous owner bolted motor mount through transom for out board. Just totally out of place and wrong. She was meant to be sailed, not motored. I am only the second owner technically; first owner passed it to his son who started the restoration but got in over his head almost immediately. He paid over \$4300 in storage fees before passing boat on to me. Boat in restorable shape, still pretty solid, but rough topsides. Needs help soon. I have titles for both the boat and the trailer. Big advantage there having the trailer and I will let it go with boat. Storage is only \$30 a month where she lays and is transferable, as well." Boat is located in Anacortes **WA**. Contact Dan at 360-679-4333 or bluestar@pioneernet.net. Asking \$550 or best offer.

1963 SHEPHARD SUNLINE CRUISER 26'

1963 SHEPHARD SUNLINE CRUISER 26'. 11-foot beam. With trailer. Jim says, "Boat is in the water and can be viewed and driven. Powered by a 318 Chrysler. Bottom replanked in 1995. New head installed in 2000. Survey in 2003. New camper top this season. Boat is rare and quite a treat to view. She has very clean bilges and interior. Swim platform is perfect. Pedestal captain chairs and large cockpit make this boat a great weekender and the motor is easily maintained. I've seen the boat out of the water and she is excellent below the waterline. This owner is the third and he has kept the boat in great shape. Price by has been lowered for immediate sale. Construction is plank-on-frame." Contact Jim at Innerbay Boats at (519) 875 3338 or jfhammond@kwic.com. Asking: \$5000. Langton, ON, Canada

1962 LYMAN SLEEPER 24'

1962 LYMAN SLEEPER 24'. 8-foot beam. 270hp 1988 Crusader inboard. Surveyed Sept. 2005. Ribbon stripe mahogany deck and plywood lapstrake hull.

Owner says, "I bought this boat to restore, but simply don't have the time. I have replaced/repared a number of frames, installed new engine bed and newer engine, replaced some lapstrake, and re-fastened 1/4 of the boat. I had a new windshield made of 1" thick mahogany ply, which needs only to be stained, varnished and installed. I have \$900 worth of ribbon stripe mahogany ply for the buyer to use for a new deck. New dashboard with brand new instruments, and also have original dash if buyer wants it, but needs restoration. Trailer is included. Would like to see it go to someone who has the time to breathe new life into her."

Asking: \$6,000. Contact Joe at joey.gross@gmail.com Cos Cob, CT.
