

1950s/60s CHRIS CRAFT CAVALIER 27'

**1950s/60s CHRIS CRAFT CAVALIER 27'.** Precise year unknown. Owner says: "This is a project boat that comes complete with all original pieces, including stainless side trim and a full rear canopy in reasonable condition. 350ci installed 1992 but will need some re-conditioning. This boat is located in British Columbia near the port city of Prince Rupert, (southern tip of Alaska). Will deliver to Prince George in central BC for land transport. Some repairs were done but a lot remain. Price is \$2000 on trailer or \$1500 no trailer, as is." Email: 54\_54@telus.net

1957 JOHNSON CEDAR LAPSTRAKE

**1957 JOHNSON CEDAR LAPSTRAKE.** Jim says, "I restored this boat about 4 years ago and she has hardly been used. We just repainted the motors and the varnish is excellent. Cover and trailer are custom for the boat. She was made by a family friend (Dezi Johnson) and is about a 1957. Very strong and made of Red 1/4 cut cedar on white oak ribs. Solid mahogany transom and cedar decks make her a great show boat." Asking: \$7,000. Contact Jim at Innerbay Boats Ltd at (519) 875-3338 or jfhammond@kwic.com Langton, ON, Canada

1946 HUNTER RUNABOUT 26'

**1946 HUNTER RUNABOUT 26'.** Owner says: "...my hobby is restoring boats (mostly garwoods and chriscrafts). But I do have a boat restoration project that I would like to sell. It is a 26', 1946 Hunter. It is a split cockpit Runabout. The boat is mostly complete less the engine and needs total restoration. There were only two custom built, and this one is the only one known to exist. If you can, see Bob Speltz's "The Real Runabouts III" page 43 to see about this about. This is a very streamlined one of a kind boat and will have very high restored value. Also have cradle." Located Wilson, NY (about 25 minutes from Niagara Falls). Asking: \$10,000 min. Hi, I have a 24" Mahogany ship's wheel for the old Richardson Cruisers. My father is the one who made them for the Richardson Boat Company in North Tonawanda, N.Y. He made them at his workshop at our home on Niagara Falls Blvd. He worked his "day job" as a model maker at Bell Aircraft and later Cornell Air Lab. Can you tell me if there is a market for this wheel? It seems like ebay only lists cheap replicas for decorating and stuff. Any help you can give me will be greatly appreciated. Have a great day. Margaret (Batavia, NY)

*(Send me an email if you are interested in this ship's wheel, and I will pass along your contact info to Margaret.)*
