Call Bill (616) 453-5493 (MI)

1964 THOMPSON THOMBOY

STEEL SLOOP

STEEL SLOOP. According to the owner, "...here are some pictures when I got the boat about 8 years ago. I have all the pieces in one form or another. She displaces about 10,000lbs, was made in Holland, spent most of her time sailing the Great Lakes area, and has been disassembled for about 40 years. Wooden masts and booms, set on a tabernacle design. It had an Atomic-4 engine, but I only have the block and a few pieces. Any offer above \$1500 and buyer moves the boat will be accepted." San Marcos, TX. Contact Charles at chanes2@austin.rr.com

CHRIS CRAFT CAVALIER LOGO PLATE FROM 1964/65 NEXT COLUMN

THEY ONLY GET BETTER

Subject: Re: Summer Issue BONE YARD BOATS

David, Received summer issue yesterday. They only get better! Thanks. --Joe

1954 RAVEN CLASS 24'. Fiberglass Cape Cod open day sailer. Owner says: "Needs TLC but it's in the water and sailable." Contact Eric at (410) 924-4961. (MD)

TWO CLASSIC CHRIS CRAFTS – PART 2 OF 2

1964 (or 1965) CHRIS CRAFT CAVALIER 26'

1964 (or 1965) CHRIS CRAFT CAVALIER 26'. Plywood hull -- Cavaliers were Chris Craft's plywood boat division. 10' beam (approximately). Single gas inboard. Comments: "This boat has been stored outside for several years. Foredeck damaged by weight of snow. Previous owner did not pay storage fees and the boat is now owned by Anchorage Maria in Bridgeport, NY. Engine and transmission are in the boat and were reported to be in working condition when boat was placed in storage several years ago. Keel is reported to be cracked. Major repairs to be made include the keel, foredeck and cabin. Yard owner is considering burning this boat if interested party cannot be found." Asking: \$200. Contact Jeff at Anchorage Marina, Bridgeport, NY (near Syracuse, NY) 315-699-2978

THUNDERBIRD SAILBOAT HULL

THUNDERBIRD SAILBOAT HULL. According to Jim, "Hull is made of Marine plywood (Fir) and has galvanized fasteners with what looks to be epoxy as an adhesive. The owners built the hull and did not finish the boat. They were killed in a car accident in Mexico in the 80's. Would be a great boat to finish. Cradle arms are available but, not the trailer. **Free to a good home.**" Contact Jim at Innerbay Boats Ltd at (519) 875-3338 or jfhammond@kwic.com Langton, ON, Canada
