1966 CHRIS CRAFT CAVALIER 27'. Owner says: "I used to restore old wooden boats for a living for almost 20 years, but I pretty much moved on from that trade. My boat is about 85% restored. I have a brand new engine for it, not installed. It's the correct engine with mounts and attached reverse gear. It's a very easy installation. She's very solid, no rot, and very well appointed. I would like to get \$10K for it." Ocean City, MD. Contact Neil at or gronsbell@comcast.net or 410-213-1208

1937 MATTHEWS ABANDONED

Dear Mr. Irving: We are a boatyard in Port Washington, New York. As is the usual story with these beautiful old boats that have been let to fall into disrepair, a 1937 43 foot Matthews was abandoned and subsequently liened by ourselves. She has been in our yard for about four years now and we would love to see her go to a good home. Your predecessor, Ginger is familiar with the boat. Please advise as to how we can get the word out to your subscribers so that we will not be forced to do her in for the space.

Thank you for your attention to this matter.

David, thank you for your help with the Matthews. ...a fellow came in and fell in love with it. He has taken it upstate to his home and hopes to be able to complete refurbishing her in three years.

Keep up the good work.
