WANTED: MONOMOY SURFBOAT 26'. Carvel or cold molded, with or without centerboard trunk. Preferably something on the east coast but any location is fine. These boats were used in the U.S. Coast Guard & other applications. Contact Cliff at fshhvk@aol.com or 757-898-6006.

WANTED: RESTORATION ADVICE. I would like to hear from other Bone Yard Boats subscribers about their stories, whether successes or failures. I would like to get an older wooden boat and restore her for use, not so much as a showpiece. I did fix up an old lapstrake boat as a kid, and have some woodworking skills. I have a 20' 1965 fiberglass boat now, have had other boats, and would like something in the mid-30' range. Any input from someone who has been there would be appreciated, both about the restoration and operation of older boats. Please contact Marshall at medgcomb@rochester.rr.com
