1946 CONSOLIDATED PLAYBOAT 39'

1946 CONSOLIDATED PLAYBOAT 39' -- ARGUS

1946 CONSOLIDATED PLAYBOAT 39'. Owner says, "Twin Running FWC 318's. Needs complete restoration. Copies of original plans and drawings included. Was on the Atlantic ocean 2 years ago, and afloat until Nov. 2006. This vessel is one of approx 22 made from 1945-1947, and the only existing one of her kind listed in the registry of wooden boats. One of her sisters was listed in WoodenBoat May/June 2006, issue #190 ("Save a Classic" section, page 160, available online for free). This boat will need a thorough restoration starting with a custom made cradle, and some sort of enclosure to get her out of the weather. This is not a project for the timid.

"Her value is in her original clear white cedar planking, which is about 80 percent in good serviceable condition. She is double horizontal planked, not to be mistaken with diagonal planking as found in later Chris Crafts and Owens. Inner 5/16 planks baton off the outer 11/16 planks. You simply don't find boats of this original quality and ease of servicing in later years. Her 4 inch thick oak keel is ugly, but strong, and her stem is good. Keel could stand to be considered for replacement. Gripe should be... (Continued on Page 10.)
