"I checked out your Web site. It made me drool." – Kathleen

"Thank you for emailing me today. My husband asks everyday if I have heard from you or checked the mail. He so wants a Chris Craft. He is driving me crazy." – Lisa

"Just want to say what a great service you're providing to these old boats. ...keep up the good work." – Jeff

"Finding the "BYB" site is probably the worst thing that could possibly happen to me. After all, my fiancé is already fairly exasperated by my continual need for the expression of genius (which she mostly refers to as "pieces of wood") and periodically tosses out vital components (which she refers to as "trash") of projects in evolution (which she refers to as "rotting"). ...Seriously, she's not that bad. For that matter, neither am I." – Dan
