

1956 TROJAN UTILITY 18'

1956 TROJAN UTILITY 18'. Owner says, "Original hull in very good condition. 18 foot LOA and 7 foot beam. Deck needs some carpentry and refinishing. Hull is stripped, bottom needs to be. Includes original hardware, a pair of 1956, 35HP Evinrude outboards and two-axle wood frame trailer. This is a great, simple restoration project that you can easily complete by summer." Contact Quentin at 860-857-2198 or email Quentin.snediker@mysticseaport.org. Asking \$2250. Can be inspected in Mystic, CT. (In the photo above, the two Evinrudes can be seen to the left of the bow on a stand.)

1936 TRAWLER 34' – Unknown Builder

1936 TRAWLER 34'. 10' beam. 100 gallon fuel capacity. 16" 3-blade brass prop. Unknown builder. Owner says, "Unfortunately I am unsure of who built her and of her exact age. I purchased her a few years back and was hoping to start work on her as soon as I finished my 1947 Hunter Sedan that I have been working on for the last few years. I am relocating this summer and must sell the trawler. Her previous owner had her in the water 5 years ago, since then she has been sheltered in a portable garage which is included with the sale of the boat. She has a round hull with full keel and skeg. The hull is quartersawn black cedar over bent oak frames. Power is a flathead 6 cylinder Gray Marine, 226 cid which puts out about 90 hp, shop manual included. Lots of original hardware including 7 brass portholes, porcelain head, 2 brass props, etc. She also has a new ss shaft and packing gland. The entire boat, hull, deck and cabin have been sheathed in fiberglass roving. Now for the bad part...the gunwales are rough and need repair or replacement. The port side window frame by the helm is rotten and needs to be replaced. There is a weak spot in the transom about 6" in diameter; it is above the swim platform and appears to have been caused by a slight collision. The interior of the boat is all there but needs redoing. Other than that the hull and motor appear sound." Asking \$6000. Quebec, Canada. Call Mike 450-455-6947 or michel.greg@videotron.ca

1956 CHRIS CRAFT SEDAN CRUISER 27'. Twin screw 95hp flathead Hercules 6-cylinder. Owner says, "All original wood to the best of my knowledge, needs restoration but is in the water and ready to have fun. Boat originally delivered to Lake Pend Oreille, Idaho and lived on the lake for over 30 years. I purchased from I believe the third owner and have had it for 16 years and have enjoyed it very much. We have the original wood burning stove for the galley and the smoke stack attached to it, along with an alcohol stove. It has its original Atkins Head and cold box in the boat and both work fine. Bottom needs attention like any other fifty year old wood boat and the

bright work as well. Boat also has the hard top on it and canvas for the rear area that needs to be replaced. I don't think the motors have ever been out of the boat. I do have a spare motor that I acquired just in case that will go with the purchase. It is a little older motor but last I checked it spins free. The boat is on Lake Coeur d'Alene, Idaho and has been for sixteen great seasons. Very original, runs well. I really love this boat but life changes! I no longer have the time. It will be tough to part with but if she goes to a good home that will be ok." Includes triple axle galvanized trailer. Asking \$10,000. Contact Chris at Roadhog57@comcast.net. Spokane, WA

1956 CHRIS CRAFT SEDAN CRUISER 27'

WANTED: LATE-1920s THRU MID-1930s CRUISER. In search of a cruiser from the late 20's through the mid 30's in need of restoration. Prefer Elco with a raised or flush deck and glassed pilot house, but will consider Richardson, Matthews, Huckins, Wheeler, etc. Do not want a pattern boat, but rather something with a straight strong keel and decent or repairable frame. Length 28' to 36'. Prefer to be located in New England or Eastern US. Contact Steven at skdami@metrocast.net.

1955 U.S. MOLDED SHAPES CABIN CRUISER 20'

1955 U.S. MOLDED SHAPES CABIN CRUISER 20'. Molded hull and cabin. Powered by a Chris Craft 'K' 6 cylinder. Upgraded to 12 volt. Very nice condition. Includes double axle trailer. Owner says, "This is a unique boat with its molded plywood construction – very unusual in the 20' model and to be in such nice shape. Roomy enough to sleep two." Asking \$9000, offers. Contact Dana at 585-289-8674. Upstate NY (14548)

1954 SEBAGO RUNABOUT 14'. Owner says, "I was amazed when I found this boat. It was in the backyard of an 81 year old man and I had to work with him for a year to get this boat. The great thing was
