

1968 OWENS ARUBA 42'. (Cont from Pg 1.) We have a transporter who can move it safely. If you know anyone who might be interested in this "ship", please pass on our info. All the crafts' original history since 1968 is still intact! It is stunning and exciting to own, but of course a lot of stress. I don't know what we were thinking! We have realized that we will never put this in the water in our lives..." Asking \$5600. Contact Christine at 613-822-7826 or doval@securenet.net. **(ON)**

1960 LYMAN 18'. Owner says, "I have a 18' Lyman 1960 on a Hols trailer. The hull is solid. Needs transom work and a windshield. I tried to cut it up. I couldn't. 1954 CHRIS CRAFT CABIN CRUISER 40'. Owner says, "Thanks for your interest in Destiny. She really is a lovely boat, and a jewel of a "liveaboard"! We lived on her for over 1-1/2 years, and afterwards,..."

A JEWEL OF A LIVEBOARD!

...had a caretaker/handyman stay aboard another 8 months, until last November. Since then, she's been moored under a covered slip at McCuddy's Marina in Portland, with the original intention of doing the work on her ourselves, and enjoy the delights of cruising the Columbia River. Ah, but plans and reality often collide, and become a different thing altogether. ...sadly, [we] realized the truth; we would not return to Oregon and Destiny, to live on the water again. I just wanted to let you know that Destiny is pretty "liveaboard" ready, for the right person(s) who would like to stay on her while working on her. According to the 2006 Survey, she had a tight hull with no leaks or rot. The damage is around the front and side windows, and front deck (which is now stripped off). We had a wonderful time while it lasted. I miss her badly!"

1954 CHRIS CRAFT CABIN CRUISER 40'

"We were in the process of a complete bow-to-stern renovation -- new galley with a \$1000 stainless steel, 3-burner Seward LP gas stove; new shower; new Airhead compost toilet, and dual gas, low hour engines. This is the finest era of wooden Chris Crafts, and any work on her will result in a high value return. Destiny's last survey in 2006 priced her at \$34,000, before we refitted the interior. Yes, this IS a project boat, but she is priced accordingly... Make us any reasonable offer! We are asking UNDER \$10K for Destiny."
