

1964 CHRIS CRAFT CHALLENGER 38'

1964 CHRIS CRAFT CHALLENGER 38'. Mahogany plank hull. 13' beam. Owner says, "Twin 327, electronic ignitions, hot water, tv, dvd, 30 amp shore power, plug in on both sides, no generator. Boat just needs a scuff and paint; top side need a good sanding and a bit of fiberglass repair. No rot on hull; goes in the water and doesn't need soaking time, the hull is that tight. I think it's 200 gallon fuel capacity. Soft top, going to need new in a couple years. All hardware is there, of course. 4 new batteries, charger. Stove and oven work. Smaller fridge but apt size will fit; fridge is new, microwave. There's about 10 inches of toe rail that needs to be replaced on each side. Engines were rebuilt 4 years ago; amazingly good on gas compared to my old boat. Needs head liner in main cabin, not done yet until I put in my new lighting. Depth finder, helm seat windlass, very nice anchor -- not a cheap new one. Running lights all work. I don't know what else I can say -- it's been in use; drop it in, gas it up and go. I've had woodies for over 20 years. This one is the best I've had. A personal friend is a boatwright, and he was paid 6 grand 4 years ago to do the hull and build a nice wrap around couch inside. Blew me away when I put it in after 2 years on land and it took 2 hours for a pump to come on. I bought this one 3 years ago. This was going to be my last boat, but with a new kid I just don't have time anymore to keep it up." Asking C\$8500. Contact Bill at billtat@yahoo.com. Windsor, **ON**

1972 TROJAN EXPRESS CABIN CRUISER 31'

1972 TROJAN EXPRESS CABIN CRUISER 31'. Owner says, "This beautifully crafted wood (teak) cruiser comes with plenty of interior seating and sleeping room. It also includes a head (toilet & sink) and a galley (kitchenette) with fully functional plumbing for all your extended stay comforts. The interior is in all its original condition, carefully cared for and maintained over the years. The hull is in excellent condition and has recently been repaired and painted. The twin 225HP 318 Chrysler inboard gasoline engines function very well and have always been absolutely dependable. Top speed is 38 MPH. Come and see for yourself. The price has been reduced twice from \$16,500 in order to sell. I will accept trade for cars or trucks." Asking \$10,000. Contact Jason at versatilel@rogers.com or 416-843-5452. Woodbridge, **ON**

FREE -- 1960 CHRIS CRAFT CONSTELLATION 36' -- FREE

1960 CHRIS CRAFT CONSTELLATION 36'. The boat is at a storage facility at 1210 N. Beltline, Irving, TX 75061 and needs to be removed asap. She was seen by someone with boat knowledge who provided the facility with following info: "The boat is a 1960 Chris Craft Constellation. It weighs 13K lbs and is 36.7 feet long. The fuel tank holds 175 gallons of fuel and it has a 40 gallon water tank. The hull is mahogany and the boat was painted white from the factory. There were 202 total units produced in this length and the serial number is between CXA-36-001 to CXA-36-202. The serial number should be stamped in the wood somewhere on the back deck or in the cabin. The 2 motors are most likely 430 cu inch. It is important to let people know that most of the chrome is missing (could be inside), and the bottom has been fiberglassed which is a technique used in the 70's but is terrible for the boat." As can be seen in the photo, she's on jack stands and will require a hydraulic trailer. Asking: **FREE**. Call 972-399-2015. **(TX)** 75061

1965 LYMAN HARDTOP 25'

1965 LYMAN HARDTOP 25'. Owner says, "220hp Fireball Graymarine, mahogany interior paneling, teak swim platform, electronics, seat & motorbox cushions, camper top canvas, etc. Very seaworthy, but needs refinishing, asking \$6,500. Custom axle trailer, asking \$950." Contact Bruce at brucom@buckeye-express.com or 419-666-0312. **(OH)**
