1960 CRUISERS LAPSTRAKE 16'. w/ 1958 Evinrude Starflite 50hp outboard. Original and well kept – needs work. Please make an offer. Cruiser brand wooden boats were built in Oconto, Wisconsin between the years of 1953 and 1966. The company was started by two young brothers who were sons of Chris Thompson of Thompson boats. Before the ...

bottom fell out of the wooden boat market they were producing about 3000 boats annually and were the largest employer in the area. The company was renamed Cruisers Yachts when it was purchased in 1993 by KCS International Inc. which is well know today for manufacturing fiberglass yachts.
